Rock River Regulators – SASS Reckoning on the Rock Waiver

Statement of Risk; Acceptance of Liability; Waiver of Rights of Action and Photographic Release

The following is set forth as approved by the Rock River Regulators Committee, in order that the participants in the annual Reckoning are informed of the risks inherent in our sport and the safety responsibilities they must assume.

We are proud of the accident-free safety record of our shooting events. To maintain this record, we must not relax our perception of the potential dangers involved; nor our strict adherence to the safety rules set forth in the SASS Shooters Handbook, all of which apply to the Reckoning on the Rock. The match officials cannot be everywhere at any time, nor can they see every angle from the position that they occupy at any one point in time. We must, therefore, rely on our participants to assist us.

Each competitor is required to familiarize him/herself with potentially dangerous situations and agrees to take personal responsibility for taking whatever actions are necessary to prevent these situations from arising or to diffuse them after they have arisen. It is each participant's responsibility to adhere to, and to inform his/her guests of the SASS and Rock River Regulators safety rules.

THIS SPORT HAS THE POTENTIAL TO BE LIFE-ENDANGERING

By signing this document, I agree: 1. To assume personal responsibility as described herein; 2. To personally assume the risks involved; 3. To waive the rights of action against the Rock River Regulators and the Beloit Rifle Club; 4. I certify that I have received, read and understand the SASS Shooters Handbook and I agree to conduct myself accordingly.

I further understand that (commercial) still, video and /or motion photography may occur during the course of the Reckoning event and that, so long as I am in the general area of the event's activities, I may be included in said photography.

Should I wish not to be included in any photography that may occur, I understand it is my individual responsibility to remain aware of photographic activity and to remove myself from the area or event being photographed.
